Invitation to the conference

Gender & Crime -

Structures, causes and conditions of gender-specific violence

25th – 26th April 2024

Dear colleagues,

We cordially invite you to a third edition of the **Gender & Crime** conference - in 2024 for the first time in presence! After two successful online conferences, where the great response and the intensive debates have shown the interest in gender-specific aspects in criminology and criminal law, the conference will take place this year as a face-to-face event at the Georg-August-University Göttingen.

In the first year, the conference dealt with gender aspects in criminal law, criminology, victimology and penal science in general; in 2022, the focus was on the topics of sexual self-determination and gender-specific violence. The 2024 conference will focus on the **structures of gender-specific violence and its causes and circumstances**.

The conference will be held in Göttingen on **Thursday, 25th April and Friday, 26th April 2024**. In addition to a keynote lecture and a panel discussion, the event will feature various panel sessions and a poster session where current topics and research findings will be presented and discussed. These sessions will also provide opportunities for networking among scholars engaged in this field.

You can register at the following link: <https://forms.office.com/e/RxgGRF9pEz>

Due to the limited space available on the premises, we kindly ask you to register as soon as possible. There are no costs for participation.

If you have any questions about the programme or the conference in general, please send an e-mail to genderandcrime@kfn.de

The organisation team is looking forward to your participation!
